Subject:- Assistance

The Administrative Committee of the Women I'tilaf Club in Tulkarm has the honour to inform you that the Club established a small hospital of thirty beds by the contributions of the Philanthropists in Tulkarm and the Sub-District.

Work begun as from the starting of the present disturbances.

To ensure the continuation of this human duty in a Sub-District of eighty thousand Arabs who have no Government hospital we apply for your possible medical assistance according to the regulations of your Association.

It came to the knowledge of the Municipality here, that the Municipality of Joffa, is going to purchase a number of Ambulances from the British Army at the rate of L.P. 280 per car.

Therefore, owing to the bad need of Tulkarm Town to such Ambulances (as the S.M.O. has mentioned), the Municipal Commission resolved to purchase one.

Your kind approval is hereby requested.

The Mayor
Tulkarm.

Your Worship,

I would refer to our recent discussions as to the possibility of erecting a hospital in Tulkarm.

The Senior Medical Officer has put forward a proposal that the municipalities should either purchase an ambulance to be maintained by the Government or should maintain an ambulance provided by the Government.

In either case as I presume such a vehicle would be used by the surrounding villages, I feel that part of the cost would be borne by the rural areas.

I should be grateful if you would consult with Dr. Mashalani on this subject and also if you would test public opinion as to the likelihood of the necessary funds being raised voluntarily.

I have the honour to be,
Sir,
Your obedient servant.

Subject: Construction of a Hospital in Tulkarm

The Municipal Council discussed the subject of erecting a hospital in Tulkarm owing to the need of the town and the sub-district, for those who can not afford and impotent to go to hospitals outside Tulkarm.

The M.C. reflected its desiderata to me and authorized me to approach the competent authorities and to prepare provision of LP. 5000 in the new Estimates to be nucleus to this scheme. I draw your attention here to the propensity of the inhabitants of Tulkarm and the sub-district to share generously in this question.

I hereby communicate the idea unto you, please let me know at your earliest convenience your opinion so as to continue my approaches.
